NITISH KUMAR

.NET DEVELOPER

SUMMARY

A dedicated and results-driven .NET Developer with 3.5 years of experience in software programming and product development, currently working on the ERP system for Shapoorji Pallonji Engineering Procurement and Construction (SP EPC). Specializing in the healthcare domain, I am skilled in designing and implementing robust software solutions. Known for being a quick learner, hardworking, and reliable, I thrive in both individual and team environments. I enjoy taking on challenging projects and am committed to delivering high-quality, efficient solutions that meet business and client needs.

PROFESSIONAL SUMMARY

- Proficient in web design with expertise in HTML5, CSS, Bootstrap, jQuery, and JavaScript.
 - Experienced in developing C# ASP.NET web applications, utilizing Entity Framework and Web Forms with ADO.NET connectivity.
 - Skilled in implementing applications using the Model-View-Controller (MVC) design pattern and Web Forms.
 - Knowledgeable in web APIs, Ajax, object-oriented programming (OOP), and relational databases, particularly SQL Server (SSMS).
 - Familiar with Repository Design Patterns, including tables, stored procedures, views, and functions.
 - Implemented RESTful APIs using .NET Core framework for web application backend functionality.
 - Implemented authentication and authorization mechanisms such as JWT (JSON Web Tokens) for securing API endpoints.
 - Proficient in designing and implementing RESTful web services for data exchange between heterogeneous systems.
- Proficient in using GitLab.
